Assignment 0: Course Insights

Name: Satyam Revgade
Roll No.: 24102A0035
Course: E-waste & Environmental Management (VEC02)
Programme: TE INFT / CMPN, Sem V, 2026-27 (Odd Semester)

Q. No.	Question	Answer (Based on AAP)
1a	How many buckets are there in VIT autonomous curriculum (syllabus)?	16 buckets.
1b	In which bucket is this course (subject) included?	This course is included in the HSSM bucket.
1e	How many credits does this course have?	This course has a total of 2 credits (Theory: 2).
2a	Have you gone through the curriculum of your course?	Yes.
2b	Is there a pre-requisite of this course?	Yes, 12th Environmental Science.
2d	Pl. mention the preparations you will need to do for this course e.g. revising which earlier course/s, software installations etc.	Revising 12th Environmental Science.
2e	List the names of future course/s, if any, which build on this course i.e. this course is their Pre-requisite.	Sem 7 or 8: Environmental Management Sem 7 or 8: Sustainability Management
3a	List all the Course Outcomes (COs) of this course and mention which CO you find most useful.	CO1: Understand need and concept of e-waste management & recycling (Module 1) CO2: To gain the knowledge of legislative rules and regulations related to E-waste management (Module 4) CO3: Recognize the tools and technologies required for e-waste recycling assessment and monitoring (Module 2) CO4: Address contemporary issues and analyse the local and global impact of computing and engineering solutions on individuals, organizations, and society (Modules 5, 6) CO5: Apply the knowledge about E-waste management in routine daily life to minimize the hazards (Module 3) Most useful CO: CO5, because it applies directly to everyday life, such as disposing of old phones, chargers and laptops safely.
4	Where do you see the applications of this course in real life and industry?	Disposal of used, non-functioning electronic gadgets like computers, televisions, mobile phones, refrigerators, charging cables, etc. (E-waste disposal & recycling), and understanding E-waste management rules in India.

Q. No.	Question	Answer (Based on AAP)
6a	How many lecture sessions are planned for this course?	30 hours across six modules.
6b	List the suggested Textbooks, Reference books, etc. Are these in library?	Textbook: Environmental Science by G. Tyler Miller Jr. and Scott Spoolman (Available in library). Reference Books: Electronic Waste Management; Electronic Waste; E-waste: implications, regulations, and management in India and current global best practices; Environmental Management, Text Book and Cases (None of these are in the library). Environmental Science and Engineering (Available in library).
6c	What resources are currently uploaded on V-refer?	AAP and Lecture Guide (uploaded on 16/7/2026). Textbooks and reference books content is also mapped to V-refer.
6d	What are the stipulated office hours of faculty for doubt solving sessions?	Thursday, 4.00 to 5.00 pm at D101, faculty room.
7a	What is the Evaluation Metric for this Theory Course?	Total 75 Marks for Theory (entirely based on ISA). No MSE or ESE.
7b	What does ISA comprise of?	Online game quiz, video task, Carbon Footprint Calculator, Device Anatomy, Class test, Case study, Data Analysis Activity, Sustainability Reel / Podcast, Green Hackathon, and Campus Sustainability Consultancy.
7d	What are the dates of MSE for this course?	Not Applicable (No MSE).
7e	What is the date of ESE for this course?	Not Applicable (No ESE).
8a	Is there an allied Practical Course?	No.
	If yes, how many credits does this Practical course have?	-
	What is the Evaluation Metric for this allied Practical Course?	-
	What are the dates of ESE exam for this allied Practical course?	-
9	What is the date of declaration of Result?	26th December 2026
10	When does the next Academic Term Start?	4th January 2027
